ABOUT THE CALL

The EIC Accelerator focuses in particular on innovations building on scientific discovery or technological breakthroughs *(“deep tech”) and where significant funding is needed over a long timeframe before returns can be generated (“patient capital”).

The EIC Accelerator is for **innovators with ground-breaking concepts** that could shape new markets or disrupt existing ones in Europe and worldwide.

EIC Accelerator helps you develop your business **concept** further into a market-ready product, service or process aligned with your company's growth strategy. Activities could, for example, include product/service development, trials, prototyping, validation, demonstration and testing in real-world conditions and market replication.

Technology Readiness Level (TRL) of 5/6 or above is required.

Project duration for grant component: up to 24 months.

Project duration for investment component: tbd during investment agreement negotiations
